Waiting impatiently

A special custom is maintained on the islands of the Aegean: There is no Christmas tree next to the Nativity scene, but a small boat decorated with fairy lights. The custom is associated with seafarers who spend most of their time traveling on the high seas, while their loved ones await their safe return. Decorating a Christmas tree has become more common in recent years, but this tradition for the protection of seafarers continues to this day in some Greek cities.

Only the best for your loved ones

Provide your loved ones with special protection, with the Aloe Vera Special Care Box: The Set includes 3 special care products for the whole body that lay a protective coat on the skin. The Aloe Vera Instant Emergency Spray soothes, cools and regenerates the skin. The Aloe Vera Moisturizing Concentrated Gel cools the dehydrated skin and the Aloe Vera Protecting Propolis Cream relaxes and strengthens the natural skin barrier of extra demanding skin areas.

Magical Powers

In Hungary, December 27th is dedicated to wine. Most families bring it with them to the church, in order to be consecrated by the priest. According to tradition, the wine acquires magical powers, such as the ability to heal and to ensure a rich grape harvest in the following year, as long as it is poured back into the wine barrels.

For your well-being

It is believed in Hungary that wine has magical powers. Besides the wine, wellness can be achieved with LR's products, such as Aloe Vera Feel Good Box Sivera, now available in an elegant gift box with the Aloe Vera Moisturizing Concentrated Gel for free. Your loved ones deserve only the best! For even more efficient support: Probiotic 12. Boost your immune system with the 2-piece Set of Cistus Incanus Capsules*, with a warm LR Loop Scarf for free, to protect you on cold winter days.

Golden times for your skin!

No matter if you're expecting Santa Claus or the "golden piglet", as in the Czech Republic and Slovakia, make the most of the pre-holiday period by spending time on your personal wellness. For men, this starts with the Aloe Vera Soothing Shaving Foam or the Aloe Vera Soothing Shaving Gel. In order to provide the skin with the care it requires after shaving, the After Shave Balsam is the ideal product. In addition, you get a Wilkinson Sword Extreme 3 Razor for free. For women: the ZEITGARD Anti-Age System prepares the skin for lasting anti-aging care, which is enhanced by ZEITGARD Beauty Diamonds products. We offer you an impressive LR Cosmetics Bag for free, for the efficient storage of your care products.

Lucky charms made of gold

December 24th is a day of fasting and waiting for the great holiday. Whoever is fasting is visited by a "golden piglet" on Christmas Eve, which arrives before the festive dinner takes place, spreading good luck and happiness.

The arrival of the "golden piglet" is a widespread tradition in the Czech Republic and Slovakia.

The weather at Christmas is usually sunny and warm, so the children wander the streets holding small triangles and singing traditional carols, for which they are rewarded with traditional Christmas sweets and delicacies. In Germany, the advent calendar is traditionally used to count down the days to Christmas. Each of the calendar's 24 doors hides a special surprise, one for every day. The reveal of these small presents starts on December 1st. Sometimes, the advent calendar consists of 24 wrapped gifts, which hang on a string over the fireplace. Silent night...

The popular Christmas song is 200 years old, has been translated in 320 languages and originates from Austria: "Silent night, holy night". It was originally intended as a lullaby for newborn Jesus in the Nativity scene, and for people who yearned for peace and harmony at the time of its creation. Silent night, holy night for the feast of senses.

Peace and harmony to all – a wish we make every year. 30 years ago, the Light of Peace was transferred from Bethlehem for the first time, on the initiative of the Austrian Broadcasting Corporation. On Christmas Eve, the light reaches people all over Austria and 25 European countries, traveling from hand to hand. The 3 Kings bring 3 precious gifts

The 3 Wise Men from the East brought 3 treasures to celebrate the birth of baby Jesus: gold, frankincense and myrrh. In Spain, Caspar, Melchior, and Balthazar bring gifts to the whole family to this day, and the Spanish receive them with a festive litany on January 5th. The Magi bring their gifts in the nighttime, so that they won't be opened before January 6th. These traditions are still preserved to this day by the Spanish, who consider the offering of presents to be a gesture of generosity.

No X-mas dinner without panettone

Panettone is a traditional Milanese recipe, which is widely known as the most popular Italian dessert. According to the Italian tradition, the originator of the recipe was a man named Toni, who was at the service of Ludovico il Moro. On Christmas Eve, the chef burned the dessert that was to be served at the feast, and Toni decided to prepare a dessert with the dough he had kept for Christmas. Everybody was thrilled with the result, and Ludovico il Moro named the dessert "Pan de Toni" in honor of his creator. Today, Panettone represents fully the Italian food culture.

A feast for all the senses

Cristina Ferreira loves the distinctive scents of Christmas. Her favorite food is cod, which is one of the most famous Christmas delicacies. You can find the traditional recipe below:

Ingredients:

8 frozen cod filets
8 salted eggs
4 cabbages
4 cloves of garlic
400 ml oil
12 potatoes
whole grain bread

Preparation:

Thaw the cod by leaving it at room temperature and simmer on low heat for 15 minutes. Steam the soft, inner cabbage leaves.

Wash the potatoes and place them in a pan without peeling them. Peel, cut and cook the garlic in a second pan. Add salt and pepper to taste and fry the cod in the second pan. Serve the cod along with the eggs. Add the potatoes and the cabbage as a side dish.

Complete protection from the cold

Are Father Frost and the Little Snow Girl coming to visit you? When exposed to low temperatures, the protection of our skin is particularly important. The skin of the face and the hands is very susceptible to the impact of the cold, but also of the dry air of heated rooms. An extra portion of winter care is exactly what our skin requires, with the reliable power of Aloe Vera that can be found in the Aloe Vera Face Care Box or the Aloe Vera Rich Hand Cream. Keep your feet warm with the Aloe Vera Relieving Thermolotion, while the soft, stylish oversized scarf is the ultimate must-have for winter that keeps your neck warm and protected.
